Help us "Fill the Pantries" that day by bringing non-perishable food items or hygiene items for our school pantries. Let's provide students with the items they needed year-round to make sure they are equipped to succeed.

Take part in preventing our community's students from striking out.

Communities In Schools of Miami (CIS of Miami) works to empower at-risk students. We accomplish this by partnering with the schools and bringing in programs and resources that are proven to keep students in school and motivated to graduate, including mentoring, tutoring, life skills development, case management, counseling, job readiness, and much more. Services are offered at no charge to students and their families. Communities In Schools of Miami's programs are powered by many dedicated individuals and groups including volunteers, mentors, tutors, teachers, AmeriCorps members, partners, donors, staff, the Board of Directors, students and parents.
